

COMPLEX ANALYSIS SEMINAR

NULLSTELLENSATZ FOR BERGMAN SPACES AND TOEPLITZ OPERATORS 2

Akaki Tikaradze

University of Toledo

ABSTRACT: We will discuss some analogues of the Hilbert Nullstellensatz for Bergman spaces of smooth pseudoconvex domains and how to apply them to some questions involving Toeplitz operators

Date: Thursday, September 27, 2012

Time: 4pm-5pm

Place: UH 4100A
