COMPLEX ANALYSIS SEMINAR

NULLSTELLENSATZ FOR BERGMAN SPACES AND TOEPLITZ OPERATORS 1

Akaki Tikaradze

University of Toledo

ABSTRACT: We will discuss some analogues of the Hilbert Nullstellensatz for Bergman spaces of smooth pseudoconvex domains and how to apply them to some questions involving Toeplitz operators

Date: Thursday, September 20, 2012
Time: 4pm-5pm
Place: UH 4100A
